RE: OPERATIONALIZATION OF NEW TERMINAL THREE

The above subject refers,

As you are aware, for the period of three months (May – July 2019) we were doing trials and testing of new terminal three (TBIII) facilities under the ORAT program whereby all Facilities, Equipment, Systems, Passenger Flow, GHS, Airside Equipment (PBB) including the live flight operations and all were successful according to the standards.

With this regard, I take this opportunity to inform you that the new terminal three will now start full aircraft operation from **29th July 2019**. You are therefore informed to shift your aircraft operations in the new terminal three from the started date above not later than **05th August 2019**.

I wish you all the best on this endeavor
